ARSADI – A 10 Hour Flight

Half past two, no sign of you
Oh I'm used to have you by my side
Moonlight plays, on my sheets of grey
and I wonder what you're dreaming of tonight

Over a thousand miles
A 10 hour flight
And some lonesome cries away
Oh I miss your skin
The feelings I have within
When you kiss my mind away

Fragile but alive, slowly time goes by
I stay up late writing songs for you
If time and space, were mine to erase
I am pretty sure what I would do

Fly a thousand miles
A 10 hour flight
And some lonesome cries away
Oh I miss your skin
The feelings I have within
When you kiss my mind away

Three hours spent, spinning my head
Echoes of you into the dark
Counting stars, realising you are
Far away but closest to my heart

Though you're a thousand miles
A 10 hour flight
And some lonesome cries away
Oh I miss your skin
The feelings I have within
When you kiss my mind away

I could fly a thousand miles
A 10 hour flight
Just to get those lonesome cries away
'Cause I miss your skin
The feelings I have within
When you kiss my mind away

I could fly a thousand miles
A 10 hour flight
Just to get those lonesome cries away
'Cause I miss your skin
The feelings I have within
When you kiss my mind away
